### HEINZ Netherland

The H.J. Heinz Company, headquartered in Pittsburgh, Pennsylvania, is the most global of all U.S.-based food companies. Famous for our iconic brands on six continents, Heinz provides delicious, nutritious and convenient foods for families in 200 countries around the world. In more than 50 of those countries, we enjoy the number-one or number-two market position.

Throughout the world, Heinz is synonymous with ketchup. We sell 650 million bottles of Heinz ketchup every year and approximately two single-serve packets of ketchup for every man, woman and child on the planet. For millions of families the world over, "if it isn't Heinz, it isn't ketchup".

Beyond ketchup, Heinz also markets an ever-expanding selection of other great tasting foods. Our core products include ketchup, sauces, meals, snacks, and infant/nutrition. In short, Heinz is committed to enriching your family's eating experience, whether you're at home, dining out, or "on the go"!

A global food manufacturer, Heinz is the mother company of the 'Dutcher-than-Dutch' Honig, De Ruijter, Venz, Brinta, Roosvicee, Karvan Cévitam, and Wijko brands. Heinz and Holland are closer than you know: in Nijmegen, Elst, Utrecht and Zeist, some thousand workers are busy day-in, day-out producing the products that form the staples of the nation's cupboards. Heinz at breakfast, lunch and supper. This is Heinz.
